

# TECHNICAL SERVICE BULLETIN

Date January, 1980

## ADMINISTRATION

SUBJECT: 1980 TECHNICAL SERVICE BULLETIN FORMAT  
MODELS: All

ITEM 80A/01

This administrative Technical Service Bulletin introduces a simplified format for 1980.

A single monthly bulletin containing a number of items, and not divided into component sections, will be issued for each marque and should be filed in the appropriate section as indicated on the enclosed bulletin binder dividers. Color coding of the bulletin paper for each marque will continue as follows: Jaguar-green, MG-pink, Triumph-blue, Rover-tan, Administration-white and Recalls-marque colors with red border.

The monthly bulletins will be referenced by the month and year and each service information item will be numbered in sequence, for example, January, 1980 will identify the appropriate marque bulletin and in the case of Jaguar, the service information items will be numbered J80/001 and run consecutively throughout the year.

A comprehensive index will be issued each month, listing the previous month's items.

Recall bulletins will continue to be mailed on an as required basis and will be identified by the reference 80Z/1 and continue consecutively.

A fast bound booklet (Ser 61/79), covering the 1979 bulletins issued will be available shortly, allowing you to discard the 1979 material filed in the technical bulletin binder. A new Jaguar Rover Triumph Inc. binder is also available under part number JRT 302090.
